

LOST, STOLEN, OR DAMAGED

If the iPad is lost, it must be reported to the Media Center Staff as soon as possible. It may be the responsibility of the student and family to recover or replace the lost iPad. If necessary, the District and the police will assist in recovery.

To help secure the iPad in student lockers, the District will provide a padlock to all students issued an iPad. A \$5 deposit for the lock is included in the \$30 Technology Fee, and will be returned at the end of the school year, when the iPad, lock and all other accessories are turned back into the District at the scheduled checkout time. Students are expected to be responsible with this device by never leaving it unattended, locking it in their locker when not in use and remembering to bring it home each night.

Do not attempt to gain access to the internal electronics or repair your iPad. If your iPad fails to work or is damaged, report the problem to the School Media Center as soon as possible. iPad repair/replacement options will be determined by the School Media Center staff. You may be issued a temporary iPad or other materials until your iPad is working properly or replaced. If the iPad is experiencing technical difficulties outside of school hours, you will need to wait until you return to school to fix it.

Students who leave Deer River Public Schools during the school year must return the iPad, along with any other accessories, at the time they leave. The iPad and all accessories should be returned to the Media Center Staff.
