

RECEIVING YOUR IPAD & CHECK-IN

Receiving Your iPad

iPads will be distributed each fall during iPad Orientation. Parents and students must view an iPad orientation, sign and return copies of the *Parent-Student-School Compact* before the iPad can be issued.

Students and parents will need to choose between two payment options for use of the iPad: the Technology Security Deposit (TSD) or the Technology Repair or Replacement Program (TRRP).

TSD: Cost is \$25, refundable with the return of an iPad and accessories in good condition. All repair costs are the responsibility of the parent or guardian.

TRRP: Cost is \$25, nonrefundable. The first out-of-warranty repair will be covered by the district, the cost of the second repair will be shared by the district and the parent or guardian. Accessories (case, cables, charger) are not covered.

In addition, students at DRHS will be required to have a lock on their locker. A lock fee of \$5.00 is refundable upon return of school issued lock

iPad Check-In

iPads will be returned during the final week of school during student checkout so they can be examined for serviceability. If a student transfers out of the Deer River School District during the school year, their iPad must be returned at that time.

Individual school iPads and accessories must be returned to the Deer River School District at the end of each school year. Students who graduate early, withdraw, are expelled, or terminate enrollment at ISD 317 for any other reason must return their individual school iPad on the date of termination. If a student fails to return the iPad at the end of the school year or upon termination of enrollment, that student will be subject to criminal prosecution or civil liability. The student will also pay the cost of the iPad, or, if applicable, any insurance deductible. Failure to return the iPad will result in a theft report being filed with the Deer River Police Department.

If the Technology Security Deposit was chosen, the student will be financially

responsible for any damage to the iPad and must return the iPad and accessories in satisfactory condition. If the Technology Repair or Replacement option was chosen, non-warranty repairs will be completed according to that policy. In either case, students will be expected to pay for any lost cables or charging blocks as well as replace the case if there is excessive damage.

Using Your iPad at School

iPads are intended for use at school each day. In addition to teacher expectations for iPad use, school messages, announcements, calendars and schedules may be accessed using the iPad computer. Students must be responsible to bring their iPad to all classes, unless specifically instructed not to do so by their teacher.
